# Who We Are

- While we are a 20 year old brand in the area, we have undergone major updates recently
- Massive network investment, right down the road. That means best in class performance.
- We not only know Texas, we know these neighborhoods – and that matters to us
- OneSource is committed to bringing equal access, best-in-class Fiber Networks & the latest technologies to communities overlooked by other big telco providers

## 100% fiber guarantee

We bring fiber all the way to your door. Don't be fooled by 'hybrid' networks that cut corners with copper cables.

## We're local

All of our employees, including 100% local network and customer care, are proudly Texas based.

## Service obsessed

We understand the importance of being connected. Our local presence allows us to resolve 90% of issues the same day.

## Best-in-class builders

With more than 100 years of combined experience, our teams have built some of the largest networks in the U.S.
